

EDUCATION		
• Harvard College		Cambridge, Massachusetts
• <i>Bachelor of Arts - Mathematics; GPA:</i>		<i>September 2026 - May 2030</i>
• <i>Relevant Coursework: Math 55, Physics 16, CS 50</i>		
• Weston High School		Weston, Massachusetts
• <i>High School Diploma; GPA: 4.0 UW</i>		<i>September 2023 - May 2026</i>
• <i>Relevant Coursework: Multivariable Calculus, Linear Algebra and Differential Equations, Ordinary Differential Equations, Complex Analysis</i>		

EXPERIENCE		
• Fiera Capital		Singapore
• <i>FX Risk Management and Strategy - Intern</i>		<i>July 2025</i>
• ◦ Qunatitative FX Strategy: Developed applied mathematics and quantitative analysis skills to evaluate FX hedging opportunities and currency exposure across multiple investment strategies. ◦ Risk & Performance Analytics: Analyzed large-scale fund performance over NAV, PnL, and return time-series datasets using statistical-based metrics to assess risk-adjusted returns. ◦ Data Integrity & Architecture: Conducted system transition assessments and portfolio-level reconciliation to ensure data integrity and operational continuity.		
• Conjuguemos International		Remote
• <i>QA Software Engineer</i>		<i>June 2025 - Present</i>
• ◦ Concept Validation & Iteration: Contributed to the design and development of language-learning games by supporting early-stage concept testing and iteration. ◦ Test Engineering & Documentation: Designed, executed, and documented comprehensive test cases for interactive conjugation tools. ◦ Product Refinement & QA: Helped refine product features through structured feedback, improving software reliability.		
• Weston High School DECA		May 2025 - June 2026
• <i>Co-President</i>		<i>Weston, MA</i>
• ◦ Leadership: Led a 200+ member chapter; coached peers in public speaking & competition strategy ◦ Logistics: Organized mock preparation events with other chapters.		

PUBLICATIONS		
◦ Conference Lecture: On Graphical Minimal Surfaces and the Homotheticity of Singular Behavior in Mean Curvature Flow:	Presented in January 2026. Joint Mathematics Meetings.	https://doi.org/10.5281/zenodo.16903054
◦ Paper: On Approximations and Homothetic Behavior in Mean Curvature Flow:	Published in April 2026. UNSW Sydney Parabola.	https://doi.org/10.5281/zenodo.17705821
◦ Paper: On Convex Kinematics: A Resurrection of Holditch’s Theorem:	Published in August 2025. UNSW Sydney Parabola.	https://www.parabola.unsw.edu.au/sites/default/files/2025-08/vol61_no2.4.pdf

PROJECTS		
◦ :		

HONORS AND AWARDS		
USAPhO 2026 Qualifier: Issued by American Association of Physics Teachers		
Jane Street Estimathon: First Place: Issued by Jane Street at Join Mathematics Meetings 2026		
National Merit Semifinalist 2027: Issued by National Merit Scholarship Corporation		
Entrepreneurship Series - International Finalist & State Champion: Issued by DECA		

LANGUAGE PROFICIENCIES		
• English: Fluent		
• Spanish: Fluent (Official Seal of Biliteracy)		
• French: Intermediate
